SUMMER MEDICINE

Mr. J. F. Oerlet, Vienna,  
Va., says:  
I have used it in my  
family for sixteen years,  
and found it even more  
than you claim for it in  
treating cases of chills or  
malaria fevers. I have  
known in several in-  
stances three doses to  
stop chills and one mem-  
ber of our family was  
cured of Malaria Fever  
by it when given up to  
die by physicians. As a  
tonic I consider it has no  
equal.Babek

"PEPPERS" CAMP  
WITH BULLETSOrdway "Shot Up" by Mys-  
terious Sniper—Guard Gets  
Ammunition Hereafter.A succession of shots awoke Camp Ord-  
way yesterday morning at about 2  
o'clock. On the railroad tracks, near  
Hatfield Station, little spirals of flame  
could be seen, and bullets sipped past the  
heads of the soldiers who jumped from  
their tents.The sentry yelled for the guard, and  
relief came running. Scattered soldiers  
joined them, but as every rifle was  
empty soldiers dropped flat on the  
ground."I dare you here," taunted an unidenti-  
fied civilian, who was doing the shoot-  
ing. Walter Shine picked up a rock and,  
in the face of fire, approached the as-  
sailant who, with two companions, fled,  
only to pepper the camp from another  
angle.No one was injured, although the man  
with the pistol shot nearly ten times.Until daylight, details from the infan-  
try and artillery combed the underbrush  
about the camp, but no trace of the  
strange attackers could be found. It is  
said at the camp that an infantryman is  
implicated in the affair.This is not the first case of the shoot-  
ing up of the camp by outsiders. Shots  
have been heard frequently at night, and  
shortly after the troops went into camp  
a soldier was wounded by a stray bullet.As the result of an attack the guard is  
now armed with "guard" cartridges.  
Hereafter the soldiers of the District  
Militia when on guard have not been  
armed with anything more formidable  
than a bayonet and the sergeant and of-  
ficers of the guard have carried the only  
loaded weapons in the camp.When Company G posted its men last  
night "guard" cartridges, loaded lightly  
but of enough power to stop a man at  
100 yards, were distributed.GUARD RELIEF DEMAND  
SHOWS BIG DECREASELocal Society Announces that Only  
100 Militia Families Are Still in  
Need of Assistance.Just to show that the District National  
Guard Relief Society is succeeding in its  
work of alleviating distress, the officers  
in charge yesterday opened the registry  
book for perusal.Amid perpetual offerings of from five  
to ten dollars a month was noted the  
following incident:A young Hungarian woman, with a boy  
of six, was left destitute. Her landlord  
ordered her to move. She asked for aid.  
A philanthropic woman paid the young  
woman's rent for a month and left her  
sufficient means for a few weeks in ad-  
vance.The management of the Relief Society  
reports that daily applications are dimin-  
ishing. The records show that there are  
only about 100 families still needy.One woman and her three children,  
whose father is on the border, have been  
sent to Camp Good Will for two weeks.  
The mother has a broken arm. All these  
cases are to be taken care of until the  
Guardsmen receive their pay.

Wingate, assistant rector of St. Mar-  
garet's Protestant Church, who died Wed-  
nesday, will be held from St. Margaret's  
this morning at 10 o'clock. The rector,  
Dr. Herbert Scott Smith, and Rev.

died at her home in Seat Pleasant, Md.,

Matthew's Church, Seat Pleasant, this  
morning at 11 o'clock.Funeral services for John Sullivan, who  
died Wednesday, will be held at the home  
of his sister, Mrs. T. W. Smith, 41 Sec-  
ond street southeast, and at St. Peter's  
Church this morning at 8:45 o'clock.Arrangements are being made for a di-  
rect steamship service between South  
Africa and South America.Avoid Summer Colds  
and PneumoniaColds and Pneumonia are dangerous  
at all times but doubly so in summer-  
time. Weakened, overheated bodies  
exposed to sudden chills are likely  
victims. A reliable tonic stimulant  
such as Duffy's Malt often fortifies  
the body against the dangerous  
germs. Note Mr. Gittleman's remarks:MR. CHARLES W. GITTLEMAN.  
"I have used Duffy's Pure Malt  
Whisky as a medicinal tonic since  
1908. I had pneumonia and was di-  
rected by my family physician to use  
Duffy's. It did me a great deal of  
good and ever since it has been used  
in my family. I am 38 years of age  
and a commercial traveler. Am out-  
doors a great deal, and find this medi-  
cine a worthy stimulant and good  
preventative of colds, etc., for which I  
cheerfully recommend it."—Charles  
W. Gittleman, 1654 Gates Ave., Brook-  
lyn, N. Y.The merit and honesty of a product  
that has been before the public for  
more than half a century cannot be  
questioned. Its name has spread the  
world over; it stands today as a most  
celebrated and successful medicine.  
It is a great remedial agent in the  
treatment of pneumonia, grip, coughs,  
colds, other throat and lung troubles  
and in all stomach troubles.

FRIEDLANDER BROS  
428 9th Street N. W.HOLLAND PROSPEROUS  
SINCE WAR STARTEDNative Bulb Grower, Visiting America,  
Says Industries Are at High Mark.  
Prepared for War, Though.There is more money and greater pros-  
perity in Holland since the war started  
than ever before, according to James  
Byvoed, one of Holland's most noted  
bulb growers, who is now in Wash-  
ington, studying the flower trade."There is work for every Hollander in  
the kingdom. And not only is there work,  
but there is also good pay for the work-  
er," said Mr. Byvoed.He believes that shipping and fishing  
enterprises in Holland are at their high  
water mark. Men in Holland, the same  
as in America, are becoming rich from  
the war, he said."Holland is at her greatest military  
strength now. A million dollars is being  
spent daily to prepare against an  
emergency. All the men, from mere  
youths to manhood, are compelled to do  
military duty."FIVE TOLL OF U-BOATS  
IN NEW "SUB" WARFAREFour Enemy and One Neutral Vessel  
Sunk in Renewal of Sub-  
marine Activity.Renewal of German submarine activity  
against merchantmen was shown yester-  
day by reports received at the State De-  
partment from American Consul General  
Skinner at London. The report of the U-  
boat activity has special interest be-  
cause of the veiled threats which have  
been coming from Berlin about resump-  
tion of the old U-boat campaign. There  
is no indication that Americans were on  
any of the vessels torpedoed.The facts reported by Mr. Skinner are  
gathered from Lloyd's reports and give  
few details. The British steamer "Moer-  
la" was torpedoed off Cape Sidero and  
three lives were lost. The Italian steam-  
er "Angelo" is also reported sunk by a  
German submarine. It is understood,  
however, that the crew has landed near  
Algiers.The French steamer "Ville de Rouen"  
has been sunk by a submarine. All de-  
tails in this case are lacking. The Brit-  
ish steamer "Wiltonhall" has also fallen  
victim to a German U-boat and was sunk.  
The crew is presumably safe at Algiers.  
The Swedish steamer "Bertha" has been  
torpedoed and sunk and Mr. Skinner un-  
derstands that the crew has been res-  
cued.MACHINE GUN COMPANY  
TO PARADE ON AVENUEThe people of Washington will be shown  
what a company of militia looks like  
when the machine gun company of the  
Third Infantry parades down Pennsylv-  
ania avenue this afternoon, just as the  
clerks of the government departments  
are starting home.  
The company will be on the way to the  
Congress Heights Rifle Range, where five  
days will be spent in machine gun and  
pistol practice.  
Company A and B, of the Third In-RIFLE CLUBS TO AID  
MILITIA RECRUITINGThe Washington rifle clubs will aid in  
recruiting the District militia up to min-  
imum strength. There are about thirty-  
eight rifle clubs in the District and it is  
hoped that all will work to fill the ranks  
of the militia. The officials of the clubs  
and Capt. W. C. Harilee, who has made  
possible the use of Winthrop range by cir-  
cumstance, promised to do all they could to
